PROFESSIONAL SUMMARY

Full Stack AI Engineer with **nearly 2 years** of production experience across freelance client work and TensorGo, shipping real-time WebRTC systems, AI avatar products, developer SDKs and **agentic AI workflows** (LangGraph, RAG, MCP, LoRA fine-tuned LLMs). Strong in TypeScript, Next.js, Node.js, Python, FastAPI, Docker and AWS, owning features from **system design to deployment**.

TECHNICAL SKILLS

Languages & Core CS: TypeScript, JavaScript, Python, SQL, Data Structures & Algorithms, System Design, OOP, DBMS

Frontend: React.js, Next.js, Tailwind CSS, Zustand, WebRTC

Backend: Node.js, Express.js, FastAPI, RESTful APIs, GraphQL, gRPC, WebSockets, Socket.io, Microservices, Nginx

Databases & Caching: PostgreSQL, MongoDB, Redis, Prisma, Mongoose, Pinecone, ChromaDB, Qdrant (Vector Databases)

AI & LLMs: Generative AI, AI Agents, LangGraph, LangChain, RAG, MCP, LoRA Fine-Tuning, Prompt Engineering, Semantic Search

DevOps & Cloud: Docker, Kubernetes, AWS (EC2, ECS, ECR), CI/CD, GitHub Actions, Argo CD, Prometheus, Grafana, Git, Jest

EXPERIENCE

Fullstack Engineer, TensorGo — June 2026 – Present

- Engineered a real-time **WebRTC** AI notetaker bot for Zoom, Meet and Teams, streaming live notes from **1,000+ meetings**.
- Delivered key features of a B2C **AI mock interview platform** used by **2,000+ candidates**, who interview with a conversational AI avatar and get HR-style analytics, skill-gap insights and a personalized preparation plan.
- Built the **Humain UI component library**, exposed through MCP and agent skills for AI coding assistants, and adopted as the standard UI layer across **6+ TensorGo products**.
- Developed the **Humain SDK** and API key flow to embed the AI avatar in external apps, and led **client integrations**.
- Shipped features in an **Agile/Scrum** team with 2-week sprints, sprint planning, stand-ups and code reviews.

Freelance Full Stack & AI Engineer, Self-employed (Remote) — Jan 2025 – May 2026

- Delivered **10+ production web apps** for startups and small businesses across SaaS, retail and EdTech, owning requirements, architecture and deployment, with **repeat work from 4 clients**.
- Built an **order management system** for **5 ethnic retail stores** (Next.js, Node.js, PostgreSQL) with order tracking, inventory, billing and per-store dashboards, replacing manual registers.
- Built a **RAG support chatbot** (LangChain, Pinecone, FastAPI) on a client's docs and tickets, auto-resolving **40% of queries**.
- Cut client page load times by **50%** with SSR and Redis caching, and shipped Dockerized **CI/CD on AWS** with zero downtime.

PROJECTS

PlaySync | *TypeScript, Turborepo, Next.js, Node.js, Redis, NextAuth, PostgreSQL, Prisma, Socket.io* | Link

- Architected a real-time music streaming platform with synchronized playback across rooms, serving **1,000+ registered users**.
- Engineered Socket.io pub/sub over Redis to cut sync drift from **120ms to 10ms (91% lower)** at **5K+ msgs/sec**.
- Automated Dockerized CI/CD with GitHub Actions and Jest unit tests, cutting release time from **30 min to under 5 min**.

Insight Mentors | *TypeScript, Turborepo, Next.js, Express.js, PostgreSQL, Prisma, Zod, Nginx* | Link

- Launched a production **college admissions platform** with a college predictor, comparison tool and lead capture funnel.
- Engineered web scraping pipelines that ingested **32,000+ admission cutoff records** for **46 colleges and 290+ branches** into a normalized PostgreSQL/Prisma schema served by a typed Express.js REST API.

AI Incident Investigator (DevSecOps Agent) | *Python, FastAPI, LangGraph, ChromaDB, Next.js, AWS* | Link

- Built an autonomous AI agent that diagnoses app errors and proposes code fixes, reaching **80% root-cause accuracy**.
- Engineered a webhook-triggered **LangGraph agent** with 4 tools: semantic search, code reading, log analysis and patching.

ACHIEVEMENTS

- Received the **Star Performer of the Month** award at **TensorGo** for exceptional performance.
- Solved **1500+ DSA problems** (**LeetCode 1879+, Top 5%**), with **InterviewBit Global Rank 13** and **GFG Global Rank 98**.

EDUCATION

SBJIT, Nagpur, *B.Tech in Artificial Intelligence and Data Science* — 2021 – 2025
